“As from this weekend, Gameweek 9, there will be a series of matches until Gameweek 12 before a break of one week. In these four gameweeks, there will be a host of interesting clashes, notably, Man Utd vs Liverpool this weekend, Liverpool vs Spurs in Gameweek 10, Leicester vs Arsenal and Liverpool vs Manchester City in Gameweek 12. These four Gameweeks will now prove to be a real test for the men of Jurgen Klopp, and if they manage to ride the next month with interesting results, they will then be heading into the pre-boxing day December period with relatively easier opponents in Brighton, Everton (at Anfield), Bournemouth and Watford” says Dirish K. Noonaram, co-founding partner of VERDE.
